INTRODUCTION

The **School of Business and Management** offers homegrown programmes at Kompas International College (KIC). The school itself paves the way for producing good-quality graduates for better employment opportunities. In addition, students are able to develop knowledge of business skills, strategies, and techniques, as well as an understanding of the global marketplace, through our specially designed interactive learning modules. Our graduates are well-equipped with essential business and corporate employment criteria and are truly internationally marketable.

Our **STRENGTH** is your **SUCCESS**

PTPTN AND SCHOLARSHIPS

Financial assistance is available for deserving and disadvantaged students at Kompas International College. KIC offers scholarships and financial aid to ensure that education needs are taken care of.

CONDUCTIVE AND SAFE ENVIRONMENT

From our spacious library which offers E-books to standby lecturers to assist the students and research materials to our cozy student lounge and areas, students will be spoilt for options when they pursue their study here.

PROFESSIONAL SKILL TRAINING

In the School of Business and Management, we emphasise professional skills training activities in our work-based approach curriculum and highly encourage our students' participation. Our wide network of industry partners enables us to provide students with real-life industrial advisors, providing actual working conditions as per the current market trend.

OVERSEAS EXPERIENCE ACTIVITIES

Broadening the student's horizons internationally is an important aspect of the development of young professionals. By participating in numerous activities that involve foreign educational institutions, international associations, and non-governmental organisations (NGO), students will have the exposure that they need to sharpen their skills in the global arena.

EXPERIENCED ACADEMICIANS

Our academicians' forte in Business studies is fundamental to producing excellent graduates who are well-equipped to meet market demands. The line-up of lecturers and tutors with Master's Degree holders and strong backgrounds in business and corporate knowledge enables our students to excel in their studies.

CAREER GUIDANCE AND PLACEMENT SERVICES

This is the platform to determine students abilities, capabilities, and talents. Identifying specific career paths in the local and international industries. Our Career Guidance Specialist provides numerous activities that will assist students in choosing their best career path and shining in their career journey. Furthermore, career matching with the wide-ranging linkages of industrial partners provides an open door to kick-starting graduates career experiences.

21ST CENTURY TEACHING AND LEARNING METHODOLOGIES

Our students will be exposed to a variety of the latest teaching and learning methodologies, such as the flipped classroom, project-based learning, and problem-based learning (ie. Work Based Learning / Earn & Learn Projects).

INTERNATIONAL AWARDS AND RECOGNITION

Our worldwide academic partners provide students with the opportunities to live, travel, volunteer, intern, and work overseas. Broadening the students' horizons internationally is an important aspect of the development of young professionals. Participation in associations and non-governmental organizations (NGO) Students will have the exposure that they need to sharpen their skills in the global arena.

DIPLOMA IN BUSINESS MANAGEMENT

(R3/0414/4/0117) (12/28) (MQA/A9636)

JANUARY | JULY | NOVEMBER

DURATION

FULL-TIME : 2 YEARS (6 SEMESTERS)
PART-TIME : 4 YEARS (12 SEMESTERS)

The **Diploma in International Business** aims to provide students with the knowledge and practical skills to perform effectively in an international business environment. The programme covers a broad-based overview of conducting business in an international context. An international business programme gives students an understanding of different business practices all around the world and prepares graduates for working abroad or in organizations that engage on a global scale.

Globalization nowadays is a vital part of companies' growth and survival in a competitive market. Hence, the growing demand for graduates with international business knowledge is high.

Students who understand the global context of business are increasingly valuable to employers who are looking for a diverse workforce.

Studying international business is one of the pathways for graduates who are ambitious to work abroad in a different working environment with different challenges.

FOR ALL THE

What's inside

SETS US APART.

TEACHING AND LEARNING

In KIC, we provide a holistic teaching and learning environment to meet students' needs and requirements through theoretical and practical experience. State-of-the-art facilities such as smart classrooms, accounting and IT incubators, laboratories, etc. enhance students' experiences inside and outside of the classroom.

In addition, students are given various opportunities to attend webinars, conferences, workshops, etc. to give them the exposure that they need in a real-life workplace setting.

What's inside

SETS US APART.

SOCIAL ACTIVITIES & SPORTS

At KIC, we encourage our students to live a healthy and active lifestyle. Therefore, we have a number of sports and activity selections for our students to participate in, i.e., basketball, badminton, and table tennis. Apart from that, students are also able to participate in community engagement events and outdoor events conducted by the college.

This year, we have launched Toastmaster's Club and TEDx Talks as a platform for our students to enhance their communication and English proficiencies.

What's inside

SETS US APART.

SOFT SKILLS DEVELOPMENT

SELF ENRICHMENT PROGRAM

This tailor-made programme is managed by our Students, Experiences, and Lifestyle Department (SEL). This programme is established to groom our students in stages. The rationale of this programme is to produce professional, fresh graduates who are ready for job placement.

In addition, SEL is managing a student development programme that includes soft skills development, i.e., communication skills, IT and software development skills, leadership, critical thinking, entrepreneurship, team building, and others.
